## DETAILED ACTION

### *Priority*

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### *Claim Objections*

2. Claims 4-11 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from any multiple dependent claim. See MPEP § 608.01(n). Accordingly, the claims have not been further treated on the merits.

### *Claim Rejections - 35 USC § 112*

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:  

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
4. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, the phrase "such as" (Ins. 2 and 4) renders the claim indefinite because it is unclear whether the limitations following the phrase are part of the claimed invention. Likewise the phrase "of the type" (Ins. 5 and 8) suggests that other types are possible, and therefore it is unclear what is being claimed. See MPEP § 2173.05(d).

The reference characters should be removed from the claims. Claim 1 should be rewritten in a clearer format, beginning with --A device for ... comprising:--, followed by

Art Unit: 3729

a clear listing of the structural elements. The dependent claims should begin with --The device according--.

***Allowable Subject Matter***

5. Claims 1-3 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, as well as the claim objections set forth in this Office action.

***Conclusion***
